Learners complete these assessments and schools will have access to feedback on their learners' skills, progress, age-based standardized scores and a range of reports to help plan learning and teaching.

If you would like to see the personalised Assessment results, they are available through your child's Hwb account. Your child needs to log on into their Hwb account and then go to the Personalised Assessment Tab. If you don't know your child's log-in details, please contact your child's teacher.

YEAR 2

Your child's Welsh and Mathematics (procedural and reasoning) results are available through your child's Hwb account.

YEAR 3

*The result of your child's personal assessments for Welsh, *English and Maths (reasoning and procedural) are available through your child's Hwb account*

**In Welsh-medium schools, personal English reading assessments are optional. It was decided as a school that our Year 3 learners completed the assessments this year but clearly it needs to be considered that it has only been a year since our Year 3 learners have received English lessons.*

YEARS 4, 5 and 6

The result of your child's personal assessments for Welsh, English and Mathematics (reasoning and procedural) are available through your child's Hwb account.

Remember – The personal assessments are only a snapshot of your child's progress. Every parent has now had the opportunity to discuss your child's progress in the parents' evenings with the teachers. Also, you have received your child's end of year report and were invited to discuss the report with the class teacher if needed.
